

Airspace and Air Traffic Control

This ground school session will give the basics of the National Airspace system and the fundamentals of working with Air Traffic Control. You will learn to feel comfortable flying in all types of airspace & knowing the regulations involved.

This class is perfect for the student pilot or a veteran in need of a refresher. These classes are the perfect way to learn in a fun and stress-free environment. Class starts at 7pm and is a wonderful opportunity to learn or review for all pilots.

Directions: Air Associates Main Hangar 3, east side of the Johnson County Executive Airport.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice.
